PERSONAL INFORMATION

I am married to Kendra Perkins who is a librarian and involved in IB coordination. I have written a book on BYOD implementation titled, *The BYOD Playbook*. I actively build and develop websites, blog, write for online publications, and do a weekly podcast with my friends from around the world (ITBABBLE.COM). Twice a month I also write for The International Educator (<http://blog.tieonline.com/category/tony-deprato/>).

MAJOR INITIATIVES RECENTLY IMPLEMENTED

Created new Tech Coach position and curriculum for primary division

Collaborated to implement primary division curriculum mapping

Power School multi-campus implementation

Flipped classroom initiative with iTunes

Planned and redesigned 700-person auditorium

Planning of new maker spaces for secondary division

Google Apps for Education with custom domains

Office 365 for Education full implementation; listed as a case study by Microsoft in Asia

Developed two BYOD programs since 2009; implemented large iPad program years 1-6
